

S.A. VIDEO SYSTEM KIT

Visiopro monitor + VP2

Equipments
for automatic
welding
applications.

TECHNICAL CHARACTERISTICS

- 1** Video kit to follow Submerged Arc welding joints.
- 2** A spotlight provided with the kit gives illumination over viewed area, indispensable for welding inside a tube for example.
- 3** The video kit is associated with a colour LCD industrial screen 15 inches, high definition with a protection box.
